

ZMATH 1993g.00455

Diaz Godino, J.; Batanero Bernabeu, M.C.; Estepa Castro, A. (Granada Univ. (Spain). Dept.Didactica de la Matematica)

Task variables in statistical problem solving using computers. Aufgabenvariable und statistisches Problemlösen mit dem Computer.

Mathematical problem solving and new information technologies. Research in contexts of practice. Mathematisches Problemlösen und neue Informationstechnologien. Editor(s): Ponte, J.P.; Matos, J.F. (Lisbon Univ. (Portugal). Dept. de Educacao); Matos, J.M. (Lisbon Nova Univ., Monte da Caparica (Portugal). Seccao de Ciencias da Educacao); Fernandes, D. (Instituto de Inovacao Educacional, Lisbon (Portugal)) Berlin: Springer. 1992. p. 193-203 of 361 p. Ser. Title: Nato ASI series. Series F: computer and systems sciences. v. 89. Conference: NATO Advanced Research Workshop on Advances in Mathematical Problem Solving Research, Viana do Castelo (Portugal), 27-30 Apr 1991 [ISBN 3-540-55735-0]

Classification: K40 D50 U50 R20 A60

Keywords: Problem Solving; Descriptive Statistics; Mathematics and Computers; Problem Posing; Computer as Educational Medium; Meetings; ; Problemlösen; Beschreibende Statistik; Mathematik und Computer; Aufgabendidaktik; Computer als Unterrichtsmedium; Tagung
