Barichello, Leonardo

The movement towards a more experimental approach to problem solving in mathematics using coding.

Int. J. Math. Educ. Sci. Technol. 47, No. 5, 791-797 (2016).

Summary: Motivated by a problem proposed in a coding competition for secondary students, I will show on this paper how coding substantially changed the problem-solving process towards a more experimental approach.

Classification: D50 P20 P50

Keywords: coding; problem solving; experimentation
