**Silver, Edward A.**

**Problem-posing research in mathematics education: looking back, looking around, and looking ahead.**

Educ. Stud. Math. 83, No. 1, 157-162 (2013).

Summary: In this paper, the author comments on problem posing research, offers some observations in relation to several key issues, and suggests some productive directions for continued research inquiry on mathematical problem posing.

*Classification:* D50 D20
