Women Mathematics Faculty: Recent Trends in Academic Rank and Institutional Representation.

J. Women Minor. Sci. Eng. 5, No. 3, 207-17 (1999).

Examines how women's representation on the faculty of mathematical science departments has changed across ranks and institutional settings in the 1990s. Finds that the proportion of women faculty has increased but the proportion of tenure-track and tenured women has not grown. (Contains 16 references.) (ERIC)

Classification: A45
