

ZMATH 2000d.02554

Leung, Shukkwan S.; Wu, Rui-xiang

Posing Problems: Two Classroom Examples.

Math. Teach. Middle Sch. 5, No. 2, 112-17 (1999).

Shares two lessons in which students help teachers pose problems and discover the importance of posing problems properly. Presents a fifth-grade lesson in which students found a mistake in a proportion problem, and an eighth-grade lesson that discusses a geometry problem with insufficient information. (ERIC)

Classification: D53
