

ZMATH 2016c.00923

Hildreth, Laura A.; Green, Jennifer L.

Using pig die and simulation to explore probability and expected values.

Teach. Stat. 38, No. 2, 67-71 (2016).

Summary: We present a variant of the Game of Pig to introduce the concepts of probability, simulation and expected value.

Classification: K90 K50 M90 U60 U70

Keywords: teaching; teaching statistics; pass the pigs; expected value; simulation; probability
