

ZMATH 2013e.00507

Böhm, Josef

One locus – three challenges.

Bol., Soc. “Puig Adam” Profr. Mat., No. 84, 81-92 (2010).

Summary: We would like to demonstrate a meaningful interplay between analytical and graphical representation. Special consideration is given to the use of slider bars to emphasize the role of the parameters.

Classification: G70 R20 U70

Keywords: loci; dynamic geometry systems; analytical representation; graphical representation
