

ZMATH 2010f.00132

Gario, Paola

Which courses teach the mathematics lecturers? The congress of mathematics teachers.

Boll. Unione Mat. Ital., Sez. A, Mat. Soc. Cult. (8) 9, No. 3, Part 1, 483-497 (2006).

The authors describe the discussions occurring at the end of the 19th century during the Mathesis congresses, where several prominent mathematicians (like Castelnuovo, Enriques or Pincherle) were involved.
