

ZMATH 2016a.00639

Nelsen, Roger B.

Proof without words: a trigonometric identity for $\sec x + \tan x$.

Math. Mag. 88, No. 2, 151 (2015).

Summary: We prove wordlessly the identity $\sec x + \tan x = \tan\left(\frac{\pi}{4} + \frac{x}{2}\right)$.

Classification: G60

Keywords: trigonometric identity
