**Tarr, James E.; Reys, Barbara J.; Barker, David D.; Billstein, Rick**

**Selecting high-quality mathematics textbooks.**

Math. Teach. Middle Sch. 12, No. 1, 50-54 (2006).

Summary: This article provides a general framework for reviewing mathematics textbooks, including a set of quality considerations organized around three key dimensions – Mathematics Content Emphasis, Instructional Focus, and Teacher Support. The quality considerations are intended to stimulate discussion of issues surrounding textbook selection. (Contains 4 figures.) (ERIC)
