Scheaffer, Richard L.; Watkins, Ann; Witmer, Jeffrey; Gnanadesikan, Mrudulla
Activity-based statistics. Student guide.

Key College Publishing, Emeryville, CA (ISBN 1-930190-72-7). 270 p. (2004).

This student guide, intended for use in an introductory statistics course, Activity-Based Statistics, relates data collections to the solving of real problems, allows exploratory techniques to be used extensively and includes new and updated activities and data sets. The Instructor Resources are also reviewed in MathEduc.

Classification: K15

Keywords: statistic; student guide; activity-based teaching
