Internet Ref. Serv. Q. 7, No. 3, 35-41 (2002).

This bibliography lists state-of-the-art publications in the area of real-time reference interview. The author makes no claim that the list is exhaustive. Rather, it is hoped that this bibliography can help in finding if there is any focus in the emerging literature in this area. Being a first attempt to list the primary sources, it is expected that this will lead to exhaustive annotated and evaluative studies.
