

ZMATH 2002e.04299

Heid, M. Kathleen; Hollebrands, Karen F.; Iseri, Linda W.

Reasoning and justification, with examples from technological environments.

Math. Teach. (Reston) 95, No. 3, 210-216 (2002).

This article describes the successful use of a computer algebra system, CAS, with a student as he worked on a problem involving functions far more difficult than he had encountered previously.

Classification: I24
