

ZMATH 2002e.04183

Knuth, Eric J.

Fostering mathematical curiosity.

Math. Teach. (Reston) 95, No. 2, 126-130 (2002).

This article provides an illustration of what it might mean to engage students in problem posing and how teachers might begin to create classroom environments that encourage, develop, and foster mathematical curiosity.

Classification: G40
