

ZMATH 2003b.01800

Hvorecký, Jozef

Programming with a spreadsheet program. (K programovaniu cez tabuľkové kalkulátory.)

Mat. Fyz. Inform. 11, No. 8, 491-496 (2001).

The author presents spreadsheets as a suitable computing tool. He illustrates his considerations on the example of generating triangle and square numbers.

Classification: N64
