

ZMATH 2016c.00559

Vicentini, Caterina

**Ocalogic: enhancing your reasoning capacity by playing. (L'Ocalogik: al spelend je rede-
neervermogen verbeteren.)**

Uitwiskeling 30, No. 3, 16-21 (2014).

Summary: For a science festival for young people, the author developed a game about logic, which can also be used in math classes. The game is based upon the theory of *P. N. Johnson-Laird* [How we reason. New York: Oxford University Press (2006)].

Classification: E30 A20 D40

Keywords: logic; logic games
