

ZMATH 2002d.02862

Knuth, Eric; Peressini, Dominic

Unpacking the nature of discourse in mathematics classrooms.

Math. Teach. Middle Sch. 6, No. 5, 320-325 (2001).

The role and types of discourse emerge as students solve a mathematical task. A framework is provided for examining discourse, and vignettes illustrate distinctions between univocal and dialogic approaches.
