Number theoretical aspects of primitive Egyptian labellings of the triangle.

Int. J. Math. Educ. Sci. Technol. 31, No. 3, 341-353 (2000).

In the theory of graphs various graph labellings are known. In this paper we deal with number theoretical aspects of Egyptian labellings especially of triangles and introduce the concept of a maximal Egyptian labelling of a graph. (Orig.)

Classification: K30
