Wilson, Christopher James

Strategic curricular decisions in Butler University's actuarial science major.

PRIMUS, Probl. Resour. Issues Math. Undergrad. Stud. 24, No. 9-10, 820-830 (2014).

Summary: We describe specific curricular decisions employed at Butler University that have resulted in student achievement in the actuarial science major. The paper includes a discussion of how these decisions might be applied in the context of a new actuarial program.

Classification: D35 B40 M35
