**Numeracy in the adult ESL classroom.**

FitzSimons, Gail E., Adults returning to study mathematics. , (ISBN 1-875-90019-5). 31-36 (1997).

Der Autor erörtert Unterrichtsmethoden zur Vermittlung von Rechenfertigkeiten für Erwachsene mit Englisch als zweiter Sprache in Kanada.

This digest examines numeracy for adults learning English as a second language (ESL) as well as for those who teach them. It focuses on learners with low literacy skills and provides curriculum ideas and resources for use in the classroom. While many suggestions are based on the author's experiences in teaching adult immigrants in Canada, they are applicable to adult ESL instruction in other English-speaking countries. (orig.)
