**Dialogue on some idle questions. (Dialogo sopra certe questioni oziose II.)**

Lett. mat. Pristem, No. 25, 47-52 (1997).

In this paper, which is the second and final part of a work whose first part appeared in issue n. 23 (for a review see ZDM 30(1998)1 under A90 0051), the author – who is a novelist as well as a mathematician – presents in the form of a Galileian dialogue between Simplicio and Salviati a simple introduction to some of the main issues in Non-Standard Analysis.
