

**ZMATH 2016e.00880**

**Williams, Immanuel James; Williams, Kelley Kim**

**Understanding summary statistics and graphical techniques to compare Michael Jordan versus LeBron James.**

Teach. Stat. 38, No. 3, 108-111 (2016).

Summary: Understanding summary statistics and graphical techniques are building blocks to comprehending concepts beyond basic statistics. It is known that motivated students perform better in school. Using examples that students find engaging allows them to understand the concepts at a deeper level.
